

AMPERE

CUSTOMIZE INNOVATIVE SOLUTIONS

AERONAUTICS

Our certifications

ISO 9001 standard

UL standard

Our certifications are proof of the rigour and quality we apply to all your projects.

Certification in progress for the standard **EN 9100** by 2025.

Our means of production

Our workspaces are designed to comply with aerospace standards.

Automatic cutting, stripping and laser marking machines to offer you a product tailored to your requirements.

All your products are tested by our teams on our test benches and are ready to be installed on your electrical systems.

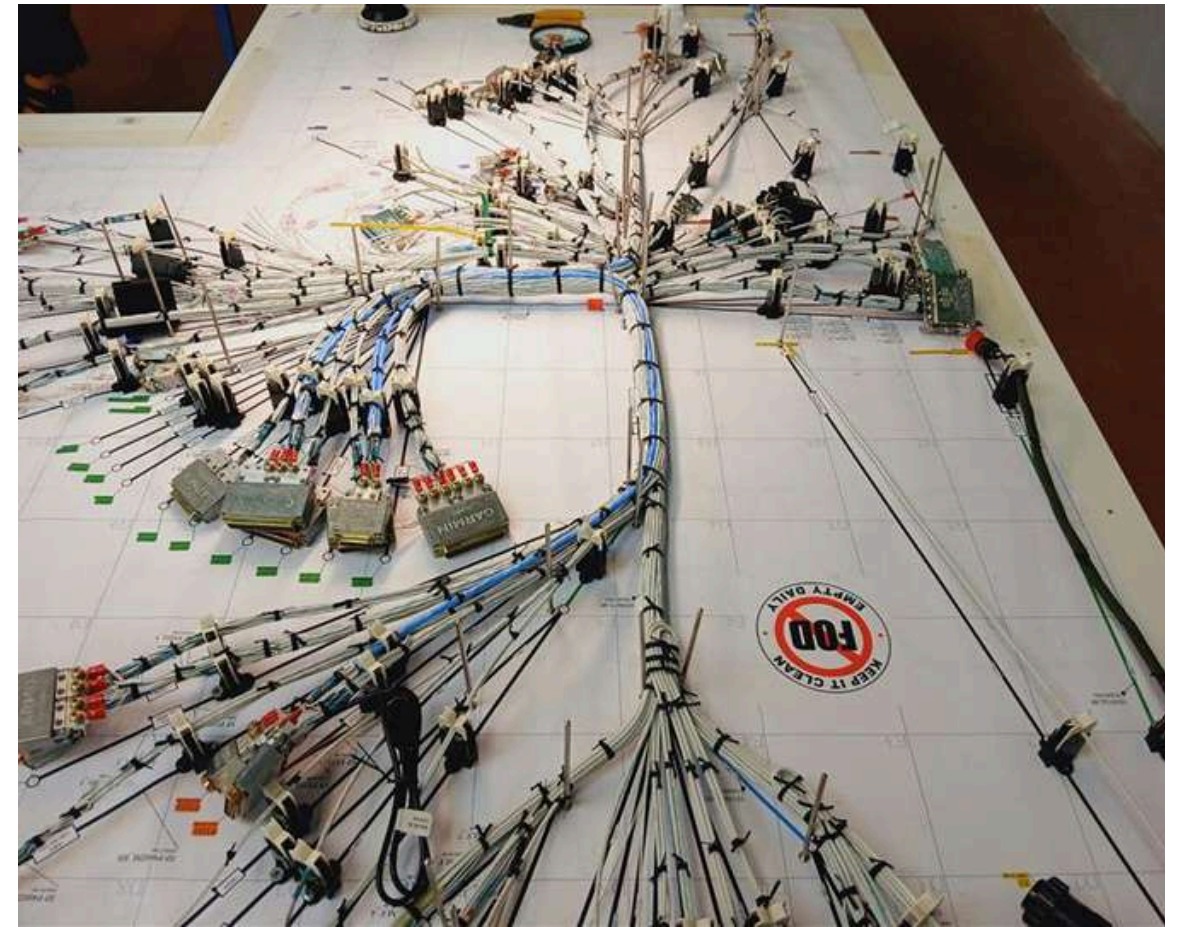

Our products and know-how

Assembly and production of harnesses for all parts of your aircraft - aeroplanes, helicopters, microlights

Fuselage - Wings - Cockpit & lights - Ground cables

Instrument panel - Navigation equipment & indicators (speed / altimeter...)

Engine interface - Battery - Fuel distribution

Innovation, co-design and quality
are our priorities

Our assets

Our production site in Morocco enables us to offer you a competitive offer and flexibility in your production.

By centralising our purchasing and using the most appropriate logistics at each of our sites, we can be responsive and respond quickly to your requests.
