

AMPERE

CUSTOMIZE INNOVATIVE SOLUTIONS

VEHICLES - ROLLING STOCK

Offer suitable for all vehicles

Resistance

Our harnesses and electrical boxes are designed and manufactured to withstand harsh outdoor environments, using carefully selected components.

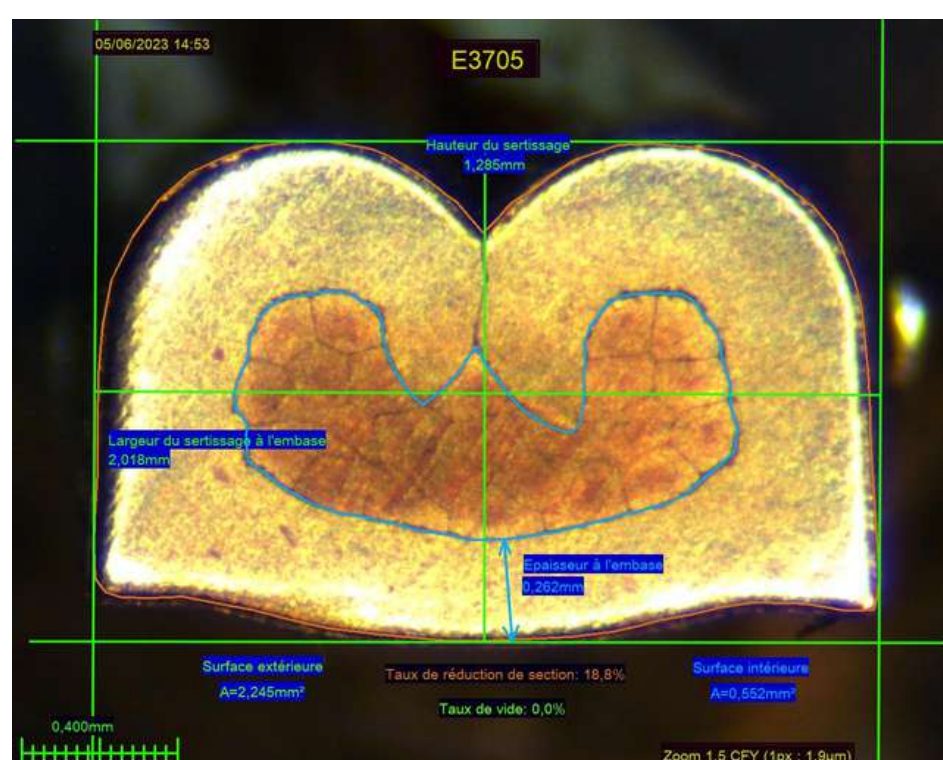

Security

Our products comply with safety standards for your vehicles. For example, we carry out metallography on our crimps to guarantee quality control and eliminate any potential risks.

Adaptable

Our sites have significant production capacity and can accommodate projects with large volumes, tailor-made and series production.

Metallographic

with military
connectors

Versatility

Our teams are trained to handle all types of vehicles, with more or less complex technical specifications :

Transport (rail, road - buses, lorries, campervans, building site machineries, etc...) -
Agricultural machineries - Handling - Military - Equipment manufacturer - Accessories -
Special vehicles - Trailers

Proximity & flexibility

 Our production sites in Morocco and Tunisia enable us to offer you competitive prices and secure your production.

 We are agile, fast and responsive when it comes to delivering your products,
 thanks to our geographical coverage in France (East and West).
